

Nicole Bryan, MD

New Patient Instructions

To help make your first visit as smooth as possible, please read the tips below:

- All of the new patient paperwork can be found on our website www.NicoleBryanMD.com
- We ask that you arrive 30 minutes prior to your appointment time to fill out all the necessary paperwork. If you have the paperwork filled out ahead of time then 15 minutes prior to your appointment is a sufficient arrival time for our staff to prepare your chart.
- Please bring your insurance card and photo identification. We will not be able to see you without this information.
- Bring with you to your appointment:
 - A list of all medication you are taking including doses and name of prescribing physician.
 - Copies of any X-rays, CT scans, labs, sleep studies, allergy testing and/or office notes from your primary care provider or other physician you may have seen previously for your condition.
 - If you have made arrangements to have these records sent to our office, please confirm we have them prior to your appointment so we can review the information before seeing you.
- We will make every effort to clearly communicate your diagnosis and treatment plan. If you have any questions, please feel free to call our office at 972-492-4006 so we can clarify. We welcome your questions and input.
- If you are seeing us to be evaluated for hearing loss, ringing in the ears or a related complaint we will schedule you to have a hearing test after seeing the physician. Please mention this when scheduling your appointment so we can make appropriate arrangements.

Thank you for choosing our office for your care.
Dr. Bryan and her staff looks forward to serving you.
